

MATERIALS:

The lake shore beaten brick is a gem. If not inlaid then maybe a stand for something (2021.07.19)

Im a big fan of brass. A sprinkle of it somewhere would be nice. (2021.06.29)

Do me up a br like this and all is forgiven (2021.06.17)

At the block. I love the laminate tree bark. Similiar yo aspens (2021.06.11G)

Love rocks. [We should embed your quote stones in the walls.] Oh god yes.

I want a club hotel feel. Quote stones protected and creating more

How much to haul a huge rock in front yard? Pretty rocks like this (2021.01.17)

STUCCO:

The moca java [HGSW3071] matches london brown so the aspinwall [HGSW3072] would be good stucco wall color. Or even the rust syoneware [HGSW3073] below. Lighter one. Rustic is better. (2021.02.17)

Matt do you think 2 shades of coral and 2 of blue would be nice or is sun shading good enough? These are what i narrowed down to. Its not to scale. Its corally. Not terra cotta in reality. I be prefer 2. The tone differences between restful and 2 below are the differentials i seek. Restful [HGSW2285] is perfection. 2 bottom [Posey Pink HGSW2054] and slightly lighter than ruddy rose [HGSW2053]. Pale patina [HGSW2286] might be best since its directly on card in tone sequence. Rest ful could be used in kitchen and a super light version in my bedroom. (2021.02.14G)

Pink house color # [Pantone 2029 C] (2021.02.05)

Turquoise and coral pink are awesome. Pink facing neighbor Side. The back of house will be a neutral tan of a color. (2021.02.04)

Hey im eventually going to spray paint or stencil a samuel beckett antinatalist quote or link of some sort on the north facing direction towards open and visible area. I figure the neighbors will like something yo tsfk about. I wont be the one to see it. Should i wait till after occupancy permit !? Do you think my freedom of speech will be questioned? Ive got a lot of time yo make up for after being shut down snd silenced during construction time. I Will be back with a vengeance. I think andy told you we wanted a parking pad out front to park one car. Im supposed to get a "special " van /car for my 60 th in july. Im hoping for a vintage orange bus. Fewer years left for me to preach the truth. Times a wastin' VW van. The van will be the gospel and transporter of the canine crew. What if the right side of house being rusty metal. (2021.02.03)

Love the subtle texture of stucco (2020.12.02G)

DOORS:

[Mexican] Door ideas. (2021.08.18G)

Love love this wood distressing [doors]. The blue is hot too. Can you sandblast wood (2021.07.15G)

I had an idea to use neutral wall colors and like bolder doors like the plum The emphasis is cool (2021.06.06)

Like [Mexican] front door (2021.05.05G)

Description:I may want a plexi glass panel on french door so dogs dont scratch it (2021.02.25G)

Love metal gates fencing doors (2021.02.04G)

WINDOWS:

LOVE LOVE THIS SLANTED WINDOW BUT for my cubbies and a rustic dark wood insert would be outstanding (2021.06.28G)

Are we doing border around windows!? If so i like 2 tones. If theres a place for an [wrought iron railing] overlook like that id be ever so happy to put a 2 seat table there w margaritas and hot salsa fresca. Not picky about where . Nice window accent frames (2020.11.30G)

NICHES:

Just popped up on line. I love the vertical recessed areas. For my books or a cool item
That to me is real luxury. Recessed spaces. Any room including andys would be nice to have those spaces (2021.06.07)
I want nooks in kitchen and most rooms fir book categories. Art room and den. (2021.06.06)
Love open arch (2021.01.20G)
Love the lip edge (2020.11.30G)
I love nooks with colors (2020.11.26G)
I love these [brick arched] nooks. (2020.11.22G)

TRIM:

Like bug baseboards (2021.06.06) *big
Cool bullnose (2021.05.30G)
Thes base trim in hotel looks decent. It felt like a soft vinyl. Any comments on that! (2021.03.17G)
[trim] Painted. Maybe the tone of the walls. I thought trim was painted or factory finish. (2021.02.18)

LIGHTING:

I do not like these and since i dont know the scope of options i will continue to present things i dont like in building materials and no male will "tell me how" to present my requests or preferences! PERIOD (2021.05.13G)
Whats your opinion on using lowes for lighting? I was quite happy with what i saw. Kitchen and master bath vanity are the only areas that i want unique things. Closet like i said a year ago needs lighting that black clothes can be distinguished. Me and him are blind as bats. I like lighting availability in all corners of room. Dimmers in most rooms (2021.05.10)
Andy. Great lights affordable at lowes. I like many choices here. (2021.05.09G)
A nice illuminating light on my quote would be nice. (2021.03.02)
1/2 wall sconces like the one on left. That store in oaxaca i recently sent you i love. (2021.02.07G)
Love the little light coves in stucco (2020.12.02G)

MISCELLANEOUS:

Is our house going to be sound and mower wont bother me,? (2021.04.28)
Id like to look at wallpapet. Ehered s bid dhoetolm. I liove coke. I thought a coke color wanted for one wall and color appropriate bubbles. Bubbly coke bottle bubbles without the logo.We coukd turn coca cola into something we like. I like the water Beads [macro shot Coca-cola bubbles] (2021.03.24)
In the drawing it appears the entire back yard is open to all dogs. I want a way to segregate dogs to that end of the house but that may be more of an aspect to deal with during fencing and landscape work. (2021.02.12G)
Yes to this design and [dog] hose thi g (2021.01.19G)
This modern touch screen [thermostat] is nice. Lights up. Are you planning on using one like it!? (2021.01.16G)
Mi gusto [rusted metal fence] (2020.11.30G)
I must have an adobe stucco bench like this somewhere. Ive always loved upstairs houses in mexico where dogs look out and bark. A rendition of this [ivy chainlink fence] outdoors by swing? More weatherproof (2020.11.28G)
Oh the remaining room that gets torn down the attached patio with chain link enclosure has dog paw prints i want to be saved (2020.10.22G)

COLLECTIONS:

Matt im wondering if you revisited the way to hold,present or showcase my collectibles including the **paint brushes** and about 6 other items i sent over the years for you to spotlight in the house. They cant be forgotten. Reminder of several rooms of book cases built in (2021.07.20G)

Matt i collect **sea glass**. It was prolific on this buffalo area beach. If we could inlay my finds somewhere. I dont have hoards and the clear glass wont show up but. [There are lots of places we can inlay small things, like the sea glass, stones, etc. I did a similar thing with shells in the floor of my own house.] Oh. The grout must be fine then. Westin buffalo s patina 250 is superb. After hours of beach combing for glass. Cobalt is truly a find. I found 4 pieces on woodlawn beach. A label would be nice. Just like label for my headboard bridge. (2021.07.16)

Love horiz area for **tiki glasses**. Love open area look. I have a **60 s cart** to display too. (2021.06.17G)

I have lots of **mexican themed art** and curios

I want to decorate with **memorabilia**. Dont have places to put it all. And not worth custom cabinetry to display I have tons of collectibles from sales. I need a warehouse. **Tin cans** i liked and bought

I have many framed **dog needlepoint** and shabby sheek rose pbn **paint by number**. I have a growing collection of vintage **yearbooks**. Got 1947-53 today. Cherry brook. South hills nice cover fonts (2021.06.06)

Great built in glass case (2021.05.29G)

book case. Book cases like that in kitchen and my guest room. Maybe in guest bath a bookcase. (2021.05.05G)

Dated **crewel**. Would look good in **kichen maybe with differebt colored frames**? I have lots of stuff for walls (2021.03.21)

I have huge **[eye] glasses** assortment. (2021.02.25)

I like the glass shelves but not the brackets. (2021.02.21G)

I have many vintage snd **antique collars**. The **entry glass case may be a nice display**. (2021.02.20)

I have lots of **hats**. These are big sun hats but i have some vintage really cool ones. I need a way to display. **Baby bronze shoes** i am finding at sales. (2021.02.06)

Very visble for vintage **cocktail glasses** (2021.01.06G)

My [paint] **brush** collection growing. Ill never get around to painting them all. I looked intoan **acrylic coffee table to display them**. My **quote stones**. Tons of art. Tons of wall art. Nicely framed. Starting uo **foreign coke can** collecting. Old **vintage fuses**. Many **vintage cocktail glasses**. **Sand**, which you should not have forgotten!!!! Lots of **costume jewelry**. I like **heart shapped thing's** too. (2021.01.05)

My objective is lots of space!!!! Clean and easy to clean shelves etc (2020.12.06G)

This is what i dont want but i have to show this picture because i have to make things clear. I dont like the lip edge obscuring shelf potential. To me its inefficient (2020.11.04G)

I like glass shelves. Brick sides but only painted backboard. No tile. Love love hearth look. Possibly for dog cubbie. Im really digging the stucco. Love arched rustic wood shelf (2020.10.15G)

KITCHEN:

[wood grain Havana Smoked Habanero from Mannington for kitchen floor] Yes. (2021.08.09G)

I have a few old bricks with names on them. Can i bring by tims sometime ? They are collectibles for the interior kitchen. (2021.08.08)

No 18" [backsplash tile at laptop counter] Poor options in 13". The diamond could work. (2021.08.03G)

[In the latest kitchen renderings (2021.06.24):

20. As well as the cabinet doors below the bookcase.]

1. Ok but those colors wont work nor are they distressed like repeated images ive sent over a years time

2 cabinet style ok but not distressed

Please update rendering accordingly

3 mex panels on drawers are fine but not on island

4. Ok

5 ok

6Ok

7ok

8. No ill use the GE ONE TO MATCH

9 a bit undecided on burner

10. Rooster tile needs higher placement

11 i like turq hood color but am not committing on colors now

12island underwent changes today due to allens expertise today

13 so far island color fine

14good, fewer spaced mex tiles on top half

15dont see beech decal

16cor of mantle looks lighter on rendering not darker. What was the carpenters idea on cleaning it up?

17 yes. Fireplace nook color changed from brick

18too busy the mex wood added to dog cubby

19 adobe stucco i wanted

20doors too (hard to see adobe on a flat image. Looks painted)

Remember my request for mex tile linoleum? You say pro source had everything. Well andy found this on line (2021.07.20G)

– Continued from Kitchen –

The way the candle lights that is cool. Maybe a cluster of those coves in kitchen or hall? [With a flame or fake candle light?] Either. Fake more sensible.

Andy. Sliding glass curio. Would work in kitchen too id wood had Mexican frame (2021.07.16G)

Cool lamp. May be 70s though. Would love over my booth.

The chunky wood shelves match my mantle and could work in kitchen. Dont care for supports. (2021.07.15G)

FOR MY KITCHEN BOOTH TABLE A LARGE WOODEN CUT OUT OF a wood piece. Is it possible to get one? Even a fake would be nice. (2021.07.08G)

Perfect length for the booth seat (2021.07.01G)

Similiar to my booth idea. Wood is actually comfy (2021.06.17G)

Id like roster tiles imbedded in kitchen

I want nooks in kitchen and most rooms fir book categories. (2021.06.06)

I dont know if i said this earlier but we are only buying one desert color slab. That way the least waste of natural resources and money. Does that company have it in writing that they buy back unused slabs or is it word of mouth ? (2021.05.16G)

Description:I live spearmint or tropical. Potentials backsplash for kitchen (2021.04.05G)

I need outlets on island to plug in things. (2021.02.21G)

I like the booth look but not color (2021.02.10)

Love this [rounded niche]. Very busy but if i wanted a [carved] drawer or small area like this how could it be done!? Really nice rounded edges. Love [terracotta] floor colors if it can be in linoleum. The above olive aqua color is a kitchen option. This [carved glass] cabinet is WOW. Stunning. I love the rustic tile [blue diamond] that has different tones. Could be a back splash if resin grout used to prevent porosity. I googled wrought iron hardware and saw nothing like i want. (2021.02.07G)

Oversized cabinets in a small area would look nice on the bottom (2021.02.05G)

Kitchen booth. Table top could be a slightly different shape. I was thinking like a nautilus but thats not really southwestern. (2021.01.05)

My dogs chew up cans w dog food. Ive used them to place tea lights in. I was thinking we could hang them with light bulbs inside as subtle kitchen lights. You can knot the cord or whatever. Im thinking the cans could be sandblasted. Or left to rust? I save these so i have many. I can rust one out to see it. But i like brushed steel. (2020.12.27)

Very important.

#usable , abundant space

streamlined appearance

#No sharp edges or cold sterile colors like grey or white

creative ,hidden type of lighting.

Arch around booth? I like ceiling spotlights. The turquoise and color of wood is very nice overall. The decorative beam top accent is nice. Love oval niche as marked up. LOVE OPEN GLASS (not window pane) cabinet. I really like cabinetry to ceiling. At least on one wall. I may prefer conceiled lighting mostly instead of cluttery but nice spanish lighting. I may want frig to be wood or laminate veneer for compatability. Im thinking my aspen trees on island could be in interior side only Dont want to clutter front or lit quartz. Love lighting above shelf (2020.12.11G)

– Continued from Kitchen –

Regarding the kitchen. Im not seeking fancy cabinetry. Refurbished is even fine. Aside from the lit quartz island im seeking affordable surfaces. Ones that can be rounded at the edges (2020.12.06G)

Rough texture may accent kitchen wall beside brick or inside coves (2020.12.02G)

Love the lights simple swinging for kitchen (2020.11.28G)

Nice inside fir kitchen [neon cove lighting] ? (2020.11.26G)

Sink 30 x 17 x 9 is good. Divider. Even partial divider fine. Longer is fine too. Kitchen. Mart i like generous flat lege. A bottle will sit here easily. (2020.11.04G)

Description:In the kitchen ive made comment early on that i have vintage cocktail glasses. Id like places to showcase them. [How about next to the booth seat, where i was showing the wine bottles?] That was going to be for a laptop printer but could work (2020.10.16G)

Id like a place for fog bowls in a few areas out of path of traffic. Kitchen. Ill have to think. Cant impede their heads. (2020.10.09)

LAUNDRY ROOM:

Also i need about 2' -3 ' clothes hanging rack in laundry. To hang damp clothing temporarily or to lint roll items. Andy may want that too (2021.06.07)

Id like an accessible hangin rod in my laundry for a few shirts 2-3 ft for quickly hanging dry or damp clothes. Andy nay want also. Id like a rod for drying. Sweaters. Like a wide thick dowel rod. ? (2021.03.05G)

Love this and starburst. Maybe a laundry counter. Im ok w formica in laundry. But utility sink my be Issue. (2021.02.18G)

BEDROOM:

My pillow s need to be against a wall. Drawers under bed. (2021.05.08)

...nightstand – I want drawers (2021.05.19)

Matt, I'm thinking a magnetic strip somewhere in my fancy bed frame. If not too much\$\$\$. It would hold essentials like scissors. Tweezer. Nail clipper etc (2021.05.14G)

At what stage will the cityscape be installed ? Its too special and enviable for the likes of "authority " figures such as a fire marshalls etc to have-a copy of it on their phones for a little show and tell . I have my reasons ,,, i dont think a dusty tarp is a good cover plus is easily taken off. I think its assembly can take place after permit is issued. Simply too many eyes and mouths coming and going at this site. I have too much insight and i have seen too much after 25 years of contractors working on old home and that was before the internet. Even some dude who worked on our old house shared with my pet day care place that he worked at our house and asked if my dogs ever came there since i had many. SIMPLY UNPROFESSIONAL like the majority. This town is full of hideous, bitter losers. Id rather abort the fancy headboard than have the likes of some get a glimpse of something that makes for Great gossip/sharing/ exploiting. Even tree people asked why the lot was empty. Not their b ' ness. Tree cutting was their only reason there. Ive never lived in such an insular place. Wanted out after the first fire. (2021.04.07G)

[window] Shade comes out about 4" but light still comes in. (2021.03.22G)

I think i asked for a special place to put my glasses bedside. Its a daily problem. Rarely in a case. Somethi g that is very accessible and not a big cabinet of sorts. I kind of thought of an eyewear bucket if you will. A reservoir. They slide and scoot around. My problem is needing them off and on for different reading needs. Im so blind that i cant find them if they fall to the floor. I bought a lit curio cabinet for my glasses but while we are designing , the carpenter can create a showcase with lit glass tiers. Vintage quaulity ones are my style. (2021.02.25)

Regatding the blue bridge. Id like a stamped rounded rectangle metal or wood little plaque with its name. All i know is i was returning from outside the city and there was a boat dock nearby and a landing/park or playground. Maybe fishers. (2021.02.20G)

I love this classic. [Snoopy laying on doghouse] Would be nice to have front painted on wall in a room flush with wall and interior black opening the entry to the dog den which is inside of a wall. Snoopy was my childhho favorite. I still love him. Ialso thought of a stand alone dog house in red also. I used to buy houses and paint cool colors. My dogs would go inside them. (2021.02.15)

Hey i wNt cup holder round. !!!!! I think the cupholder has to be 1.5 " or larger than a coke can to accomodate mugs? Any ideas? [Likely by inches. But, I will be able to give him the sizes based on a coke can and standard mug size. Will be able to make two sizes, one inside the other, like the cup holders in a car, so it will fit either.] Like a lip inside scircle? (2021.02.13)

We thi k think in my room maybe a more simplified step or ramp up to window seat for dog. (2021.02.10)

A rock solid place to put my glasses on headboard is a nexissity (2021.02.07G)

Nice size bedroom frig. I may want a hot water spout for tea in my bedroom too. Does it have to be in bathroom? (2021.02.04)

A cup holder is needed on my headboard. I may wanted a spot for a mini frig in my room or craft room (2021.02.03G)

Aldo like Lawrenceville bridge (2021.01.27)

Headboard needs area to lay in bed sitting up. Too decorative may be non functional. (2021.01.05)

Great [neon cove] lighting for my bedroom (2020.12.11G)

BATHROOM:

Stunning onyx. I may get one for my bath. (2021.08.18G)

I never knew a corner option seat existed. Way prettier than straight bench style. Could top be wood?

Matt i like glass shelves in shower

My favorite stones. They no longer carry vendor. Second best. I like first one [pebble stone tiles] way better as there are no whites.

[A corner seat in the shower could work and we could make a removable wood top, for ease of cleaning and replacing over time.] As long as it locks in. I sat in that corner thing and it felt good. As long as my back jets work in that position. [The jets can be positioned anywhere, so that shouldn't be a problem. And, the wood seat could fit into channels to hold it in place.] OK (2021.08.03G)

This towel hook works well and easier than a bar. The bar in shower was nicely placed. The curved one i picked out would look good there (2021.07.17G)

If my bath-demands tile then this style NOT COLOR. IS GREAT (2021.07.08G)

This size rail fits my hand well. Bathroom rail. (2021.07.07G)

In my bathroom or in another casual spot i love the glass nautical lights. Even one turquoise one. Even a small accent wall somewhere in the house of bamboo reeds. I love anything nautical , Tiki.

Love the ship window. Could one be in my bath? (2021.06.29G)

Oggetti. From italy, florida shipping. Around \$250 each. I love them for either of my baths.

This is outstanding. I visited luxe showroom. A possibility depending on price [wall mount toilet] . I like wall buttons. Oval not square like this one.

Glasscrafters has verticle full length mirror with inside medicine storage (2021.06.08G)

Hope the long weekend was regenerative. What are we going to do for my glass bathroom counter matt? You saw what i liked at splash and i didnt like the one at the place in ross twp we went too. What efforts have you done to construct the one i liked? (2021.06.01G)

I also want a back shower head so when i sit down to shower my back isnt chilled. But w a large shower how is this accomplished. If shower is 4 feet how do you get power that far away. (2021.05.03G)

Matt. Since we were at splash a few weeks ago did you come up with the aqua color faucet (2 nd time asking). Since this is custom and and along i was told i gan get anything. I want sinktop like spash. The ross tep glass place was dated and not up to my standards. Look elsewhere. There are 50 states and this is a CUSTOM house. [Diane, here are the color options for the faucet we saw at Splash: <https://www.jaclo.com/jacloequalscolor>] Mint green is what I wanted. (2021.04.22G)

Matt. I love the tecture [grab bar]. I want all safety handles to be used in a fashionable and minimal way. Not like this trader joe br. (2021.04.14G)

Andy liked this legdge bathroom [shower]. Love both fir me [pebble tile floor]. You can make grout Stain free snd waterproof. I lean toward round pebbles. They are flatter than cracked shower one. Shower here has monotone colors. I prefer over mixed ones. (2021.04.05G)

No i never said s curb from the beginning. [Do you want to put a curb in your shower, to make sure no water runs out or are you OK with the glass door keeping the water in?] Hiw is glass going to not scrape flooring to create a seal. Who said we sere having s sloped ramp. (2021.03.22G)

– Continued from Bathroom –

I had an idea my shower. A place to shave legs like a concave holder for ankles. Appliances are Real handy next to sitting area. (2021.03.20)

I like one inconspicuous bar either vertical or horz [grab bar next to toilet]. But not industrial looking. The appliances next to [shower] seating area is a real plus. (2021.03.19G)

I really love lower towering [towel] hooks. Makes space for pictures above. Don't like these [shower] seats. Slippery and skin sticks to plastic. I'll need lots of input from you on options. You have access to years of design I don't. The side installed Faucet I really like. Andy may like that too in bathroom. I love this ledge under makeup mirror. It was 3". I don't like beveled edge. Great for candles soap or makeup. (2021.03.17G)

On my tubs I want a flush tub with surrounding ledge. I don't like big lips around tub (2021.03.05G)

I have an innovative idea but don't know how to implement. Originally I wanted a bidet. I am not into their features. Can you affix a simple low key spray nozzle next to toilet? Can the nozzle be a perfect temp or do you have to let it run like any faucet. Low profile is what I'm after. Bidet Are overkill with heated this and that (2020.12.27)

Loved that. Could be in master bath. I wanted one solid glass and sink (2020.12.06G)

CLOSET:

Some of these for my jewelry would be nice. Not bathroom cause moisture tarnishes silver. I dont want to take up wall space in bedroom really. [What about a jewelry area in one of the bedroom closets?] That was my idea but i want to present them openly. Plus im going to need all the closet space possible. Possible higher up in my bedroom. I just have lots of framed pics that i need to hang. (2021.08.01G)

Heres my clothes. In 2 rooms and temp racks. Thats one room. Plus 3 old fashioned non walk in closets full. I have costumes Vintage furs, designer things. T shirts , coats, evening wear (2021.05.26)

I need a closet also for designer clothes to isolate them. Not large but separate. (2021.02.04)

This closet hook idea would be great in one area. I have mexican clothes that would look great on that type of hanging space. I love wooden block too. Not in my main closet though (2020.12.02G)

STUDIO:

Thats the weird hang lamp i have. Font know where to put it. [Studio, over seat in bay wdw?] Yes. (2021.04.28)

Love thick glass. Maybe for mr art room. Acrylic paint messes easier to clean (2021.04.05G)

I love this classic. [Snoopy laying on doghouse] Would be nice to have front painted on wall in a room flush with wall and interior black opening the entry to the dog den which is inside of a wall. Snoopy was my childhho favorite. I still love him. lalso thought ofa stand alone dog house in red also. I used to buy houses and paint cool colors. My dogs would go inside them. (2021.02.15)

Andy and i also want to close off glass shelve area in My art room because i dont like the visible shelving. It looks too cluttery having both sides visible (2021.02.12G)

LIVING ROOM:

A frame for tv looks nice. (2021.07.08)

2 cool pieces i got today. I need lots of furniture space. I love the old mahogany chest. The lingerie chest im real proud of. (2021.02.06)

Nice plant built ins. For entry? (2020.12.11G)

POOL:

Love the foam and lighting. Its something i want. In the jacuzzi. Not pool. I dont know what the foam is.

Glass accents are a plus. This is in pool area but love clean look.

Recessed lighting is what ive wanted. Perhaps a pattern like that(not exactly) in kitchen or in pool. (2021.06.28G)

Just an idea. Ocean floor colors on pool with our turtle tiles.

In the swing area maybe a cool touch like this. Beams with fake tropicals. (2021.06.17G)

This is a must [hammock]. Maybe in spare room. Indoor. I love hammocks. Underused indoors. Its cool cause its off the floor. No dog hair or pee. I want that. (2021.04.24G)

Andy was asking abouttemperature on pool area. Is there a warmer cedar plank option? (2021.02.24G)

Can i have a beach by pool? Ill nutture palm trree for life. Id give my kidney for sand and palm tree. Pot is fine (2021.01.16G)

ANDREW'S SUITE:

Andy liked these accents colors for wall or backsplash [Quiver Tan HGSW3183, Cloudburst HGSW2323] (2021.04.28)

Andy has no need for built in dressers. We can get furniture at sales cheap. I do like the idea of recessed wall for dressers but then youd have to know dimension. (2021.01.27)

I doubt andy mentioned to you that he was going yo use his sink as a urinal but thats the objective (2021.01.19)
